

To complement the lecture program, on Thursday afternoon delegates will be taken to nearby Hampshire (R&D) Glassware Ltd where we will be given a free run with the opportunity to make use of the comprehensively equipped glass workshop for the purpose of demonstrations just like the early days of symposiums but with the comfort of the hotel accommodation and contented companions! So make sure you pack your glassblowing specks. Exhibitors will be welcome too.

If you have a suggestion for a demonstration or if you would be willing to do a demonstration would you please email your suggestions or proposals to terri.adams@chem.ox.ac.uk
