

New Zealand Opportunity Technical Glass Products Limited

Long-established and successful New Zealand supplier of scientific and technical glassware, Technical Glass Products Limited, is being offered for sale.

TGP imports, stocks and sells scientific and technical glassware and includes a glassblowing facility which manufactures both its own TGP Brand and OEM brands. Distribution includes direct sale to industry, universities and government laboratories, and wholesale to scientific and industrial supply companies. TGP is also the primary supplier of materials to New Zealand's scientific glassblowing community.

For a basic overview of the company visit the website : www.tgpglass.co.nz

TGP employs two full-time (the owners) and one part-time staff and is based in the university city of Dunedin in New Zealand's beautiful South Island, but could be operated from any major national centre.

An initial lease on the present premises can be arranged as part of purchase arrangements.

Genuine expressions of interest are invited, for further information contact : john@tgpglass.co.nz
