

University of Glasgow
College of Science and Engineering
SUERC

Technician (Scientific Glassblower)
Ref: 004001
Grade 6: £26,264 - £29,541 per annum

Possessing a B.S.S.G. Certificate of Competence in glassblowing or the equivalent plus a minimum of 4 years relevant work experience the roleholder will have complete responsibility for managing all aspects of the SUERC glassblowing workshop comprising:

1. Designing, building, modifying, maintaining and repairing complex vacuum lines constructed from borosilicate.
2. Production of large quantities of quartz and borosilicate consumables used in routine analyses.
3. Manufacturing bespoke glassware as required.
4. Providing a repair service for all glassware used at SUERC and the NERC laboratory.

You will provide specialist technical advice, construct vacuum systems, produce quartz and borosilicate consumables and provide a repair service to assist in the efficient running of the SUERC laboratories.
