

# Skilled Scientific Glassblower required to join our professional team.

GPE Scientific is a leading manufacturer and supplier of specialised glassware and components to the industrial, research and education sectors, both in the UK and worldwide.

To support our continued expansion, we are pleased to offer the opportunity for an experienced Scientific Glassblower to join our highly skilled team at our Leighton Buzzard facility.

Applicants should be experienced in both bench work and lathe work and must be able to work without supervision including reading and interpreting technical drawings.

The position offers excellent career prospects and opportunities.

39 hour working week

Mon-Thurs 08.00 - 16.30  
Friday 07.00 -14.00.

23 days holiday plus Bank holidays per annum.

Life assurance and pension scheme

To apply please send a copy of your CV to:

Chris Quick
